COMPANY SUMMARY

Black Systems is an IT solutions provider that provides business process optimization. Our solutions are enhanced by our capabilities in the areas of systems integration, hardware/software procurement, IT staffing/augmentation, and artificial intelligence application development. Black Systems has a proven track record in government contracting. Black Systems provides government clients with best-in-class technology solutions, enterprise solutions, managed solutions, information management consulting, support and training, and professional services with a highly technical team. As a full-stack systems integrator, Black Systems provides off-the-shelf equipment, custom software, and end-to-end solutions. Black Systems also holds the unique ability to assess an entire project virtually before any money is invested to assess risk and provide real solutions that reduce costs, minimize risk and optimize productivity.

As a Certified Minority-Owned (M/WBE), Economically Disadvantaged Woman-Owned Small Business (EDWOSB), Black Systems is committed to excellence and creating innovative and flexible solutions for our State and Federal clients.
